## Invitation

**Linkin Science**, welcomes you all to the **World Vaccine Summit & Expo** with the theme **New approaches to vaccine and drug development** which will be hosted in Dubai during **December 04<sup>th</sup> - 06<sup>th</sup>, 2017**.

Vaccine development provides a measureable return in reducing the burden of disease and safeguarding human development. Today, more than ever, vaccine technology remains at the forefront to prevent and control infectious and non-infectious diseases in humans and animals. Vaccine Summit will cover a wide range of topics in this evolving field, including the latest advancements and applications of vaccine technologies, Vaccine Production, development of effective vaccine adjuvants, Malarial Vaccines, Veterinary vaccines, Influenza Vaccines, Synthetic Genomics Based Vaccines and progress in DNA- and RNA-based vaccines

We anticipate attendance at the **World Vaccine Summit** will catalyse ideas and enhance new interdisciplinary collaborations. Our exciting scientific program will be presented over the course of three days various six session types – Keynote Presentations, Oral sessions, Young research forum, symposia, Poster sessions and workshops.

Regards,  
**Scientific Committee**

## About Dubai

Dubai is one of the seven emirates that make up the United Arab Emirates and the name of the emirate's main city. Dubai is one of the wonders of the modern world. The United Arab Emirates, in the eastern part of the Arabian Peninsula, extends along part of the Gulf of Oman and the southern coast of the Persian Gulf. Though traditionally conservative, the UAE is one of the most liberal countries in the Gulf, with other cultures and beliefs generally tolerated. The Emirate of Dubai is the second largest of the seven United Arab Emirates but has the biggest population at over 2.1 million inhabitants. Dubai is famously known as the entertainment capital of the Middle East which attracts many party lovers from all over the world.
